### EXPERIENCE

#### Full-Stack Web Developer

CoolServices GmbH | June 2022 - September 2023

- Making significant improvements on React e-commerce web shop project, and then covering the code with unit and integration tests
- Successfully collaborating on a big scale e-commerce web shop that extends for 23 countries and sells 89 000 products in Oxid Esales, Php, jQuery, JavaScript, PimCore and Docker

#### Web Developer in Training

Career Foundry | October 2021 - March 2022

- Deepening my knowledge in HTML/CSS, JavaScript and data bases
- Adding on React, React Native, Angular, AWS, API and integration testing practical skills

#### Web Developer Trainee

Siemens | Oct 2014 - Jan 2016 (Last college year)

- Looking at systems and projects in a big corporation, having pair-programming sessions and code reviews
- Building advanced hotel reservation project in HTML, CSS and JavaScript

### OTHER PREVIOUS EXPERIENCE

#### Bar Leader

Playlife Sports, Germany | Nov 2019 - Sep 2021

- Accountable for all operations in a bar (guest care, customer service, drinks, strategy execution)

#### Sales Freelancer

Different projects, Croatia | Nov 2014 - Oct 2019

- Fully responsible for all sales operations, sale strategies and final sale numbers.
- I was a direct executor of sale strategies myself, and directly responsible for customer experience, team productivity and increase or decrease of profit.

### PREVIOUS PROJECTS

#### myFlix Movies App

Developed in REACT for my own API hosted on Heroku and MongoDB:

<https://movies-app-2503.netlify.app/>

Same interface developed in ANGULAR:

<https://mrumenov-cyber.github.io/myFlix-Angular-client/welcome>

#### Meet App

<https://mrumenov-cyber.github.io/MeetMe/>

- Built a server-less, progressive web application with React using a test-driven development technique using Google calendar API to fetch upcoming events. Did unit testing too.

#### Pokedex App

<https://mrumenov-cyber.github.io/Pokedex-app/>

- JavaScript Application that displays a list of Pokemon and allows the user to view details for each of them. Pokemon's are loaded from API.

### EDUCATION

#### FESB (Faculty of Electrical

Engineering, Mechanical Engineering and Naval Architecture)

Split, Croatia | October 2010 - February 2016

- Bachelor's and Master's degree in Computer Software Engineering

#### Career Foundry (Full-stack Development)

Germany | October 2021 - March 2022

- Certificate in Full Stack Development
