https://github.com/mrumenov-cyber

EDUCATION

FESB (Faculty of Electrical Engineering, Mechanical Engineering and Naval Architecture)
Split, Croatia | October 2010 - February 2016
· Bachelor's and Master's degree in Computer Software Engineering

Career Foundry (Full-stack Development)
Germany | October 2021 - March 2022
· Certificate in Full Stack Development

EXPERIENCE

myFlix Movies App
Developed in REACT for my own API hosted on Heroku and MongoDB:
https://movies-app-2503.netlify.app/

Same interface developed in ANGULAR:
https://mrumenov-cyber.github.io/myFlix-Angular-client/welcome

Meet App
https://mrumenov-cyber.github.io/MeetMe/
· Built a server-less, progressive web application with React using a test-driven development technique using Google calendar API to fetch upcoming events. Did unit testing too.

Pokedex App
https://mrumenov-cyber.github.io/Pokedex-app/
· JavaScript Application that displays a list of Pokemon and allows the user to view details for each of them. Pokemon's are loaded from API.
